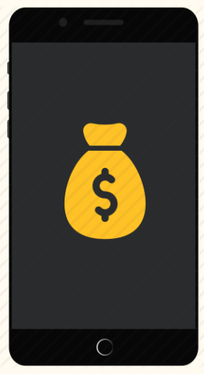
WorkShopZ

Professional Application Development Training



BOSS APPZ WORKSHOPZ

The BoSS AppZ WorkShopZ will provide you with detailed steps on how to build high quality mobile and web applications using the same development tools that are used by developers at popular tech companies like Google, Instagram and Facebook. We guarantee after attending The BoSS AppZ WorkShopZ you will be well more knowledgeable and closer to becoming a **Professional Application Developer**.

PRESENTATION SESSION

Each WorkShop starts of with a **Presentation Session** on the given subject. The Presentation is presented by a trained BoSS AppZ Specialist. The Presentation will provide rich and informative details about application development, app development ToolZ, and other 'App Money' related topics.

QUESTIONS AND ANSWERS SESSION

The **Questions and Answers Session** is where the attendees ask The BoSS AppZ Specialist questions related to the WorkShop's topic. Feel free to ask as many questions as you like. The question that is not asked is the only bad question. Also please bring your pen and notepad to take detailed notes.

HANDS ON TRAINING SESSION

The Hands on **Training Session** will provide you with proven examples and step by step walk thru scenarios to help you get a better Overstanding of Application Development. A good way of learning new information is by being properly informed and trained on how to use it. An even better way to grow in your development skills is to do it yourself.

HOMEWORK SESSION

At the end of each WorkShop the attendees will be given a **Homework Session.** The homework will consists of code demos, questions and answers. Upon completion The BoSS AppZ Specialist will go over it with you and give you a grade based on your results.
